Letter from David S.

Not only in June but all the year round yuh does have to praise sJune. Who else does set hashes and then turn around and feed all o we nasty- sweaty- happy- igrunt fools?

June is a woman who does give a lot. She set a whole hash, but when she lose she keys while doing the set she offer 6 nights at Marriot for de return. She offer de boy \$50 which is a fortune to he.

So I went pun de hash and I look all about. Every step I run, I did thinking all de time bout what would cause she to drop them.

Although I did almost cursin she after about 100 Km pass I still did thinkin to help she, because I luv she, so in the cane piece where the big rocks was on top the mud I said to myself: 'Self', I did say, ' this is a place where anyone could trip and fall.' And I look bout and there was de keys inside the rocks.

So I bring them to she and I give dem. She tell me I could get all de drinks in Barbados from she on Sat'day, but although I was tired and thirsty I could not tek them, and I went for my cash and pay to help support BH3 because I does luv BH3 too. I would pay June any amount to set she hash, which is one of the best hash in Barbados.

I know we does all love she too, so I write to hashwebmaster and axe he to put this letter in de trash.

One love to all the Hash bodies. I fitter and I healthy for Saturday hash and I want yuh all to know that I does be happy when I am with all of you all and running the hash.

All o we does love June. She does tek she down downs and keep on. She is a fit and healthy woman and she does light up yuh eyes when she does run.

David S
